Important Tax Information

Dues for MPhA are not deductible as charitable contributions for Federal Tax purposes. However, they may be deductible as ordinary and necessary business or miscellaneous expenses. Because of tax law changes affecting association membership dues deductibility, you may not deduct any portion of your dues which goes towards lobbying local, state, or national government agencies. MPhA has determined that the deductibility of your MPhA dues is limited to no more than 85% of your total dues.

Thank you for your support!
